

Lazy Lately

Simple Minds

Made them a play
Laid by the sea
A lifetime of promises
Translated to me
It's been hard, hard, hard
It's been so hard
Easy to place easy to fake
When I don't know about
You know you'll be strong
Shes far too young
If you got something to say
It's easy to know
That you'll find me awake
Leave me alone
Heat of a gun
Leads me to know, you've been
Lazy lately, lazily
Lazy lately, lazily

Laid by the plain
Raised by the sea
Feels like a hologram, a halo over me
It's been high, high high
Getting oh so high
Raised by love
Faced by the sea
A scene all alone
So I know why you come
It's been high, high
Getting oh so high
If you got something to say
It's easy to know that
You'll find me awake
Leave me alone
The heat of a gun
Leads me to know, you've been
Lazy lately, lazily
If you got something to say
See me alone
You can find me awake
Leave me alone
The heat of a gun
Leads me to know, you've been
Lazy lately, lazily
Lazy lately, lazily
If you got something to say
Lazy lately
Lazy lately, lazily
Lazy lately, lazily
Lazy lately, lazily
Lazy lately, lazily
Lazy lately, lazily
Lazy lately, lazily
Lazy lately, lazily
Lazy lately, lazily
