

Generation

Simple Plan

So what you gonna do, what you gonna say
When we standing on top and do it our way
You say we got no future, you're living in the past
So listen up that's my generation

Hey oh, let's go!
It's going down tonight
Hey oh, let's go!
We're gonna do it 'til we die
Cause I've got no reason to apologize
That's my generation
