

# Generation

Simple Plan

So what you gonna do, what you gonna say  
When we standing on top and do it our way  
You say we got no future, you're living in the past  
So listen up that's my generation

Hey oh, let's go!  
It's going down tonight  
Hey oh, let's go!  
We're gonna do it 'til we die  
Cause I've got no reason to apologize  
That's my generation
