

# What If

## Simple Plan

What if I lead the way  
What if I make mistakes (will you be there?)  
What if I change the world  
What if I take the blame (will you be there?)

I remember going back  
To the place we used to lay  
But I keep losing track  
And now the days they all turn black  
And our dreams all start to fade  
But there's not turning back

Cause, the world keeps turning  
My heart's still burning

What if I change the world, if I lead the way  
What if I'm the one that takes the blame  
What if I can't go on without you  
What if I graduate  
What if I don't, what if I don't

I'll be waiting here  
I'll be waiting here  
I'll be waiting here for you to call me

What if I lead the way  
What if I graduate  
What if I change the world  
Would you still remember me?
