

Come Get Me Angel

Simply Red

This one's going out to you girl, wherever you may be
I may not be the way you wanted it, I got a need to be free
Yet I know that I need someone and I'm calling out to you
Come get me girl, come get me baby,
I need you, I need you in my life

Whatever it takes to change girl, maybe I'll do it for you
If you can go as deep as I go, baby I'm gonna need you
I want you to be my girl, I want you to be my world
Not any night, not always in my life, I need you

I want you to be my girl, I want you to be my world
Not any night not always, but when it's right for you and me
Alright when it's alright, hey in my life

She'll be there and don't you worry
Keep looking and just keep cooking
