

Coming Home

Simply Red

Dark nights, headlights
I'm going home
Stars bright, hold tight
I'm coming home

And when I do
I'm gonna love you more
Than I've ever done before
Yes I'm going home

I've paid the price
I'm alone tonight
Still I'm coming home

It feels so right
Heading home tonight
No more alone

And when I do
I gotta love you, more
Than I've ever done before
Yes I'm coming home

I'm going home

I pray the night
Will treat me right
Oh take me home

The stars are bright in paradise
No more alone

And when I do
I gotta love you, more
Than I've ever done before
Yes I'm coming home

I'm coming home
No more alone
I gotta get there
I gotta get there
I'm coming home, yes I am now
