

Complete Love

Simply Red

When I die
There'll be no sky
No flowers or rain
Just sunshine on a grave
But there will always be you, my love
You raise me high above

'Cause we've had sweet love
Complete love
And forever sweet love
Complete love
Never, never give it up
Never, never give it up

No need to cry
My heart's standing by
You will always be mine
And I'm yours for all time

Yes, we've had sweet love
Complete love
Let me tell it, sweet love
Complete love
Never, never give it up, no no
Never, never give it up

I look over the ocean
Into a deep starry sky
And then all the time I've known you
I never had to wonder why

'Cause we've had sweet love
Complete love
And forever sweet love
Complete love
Never, never give it up
Never, never give it up, oh no
Never, never give it up
Never, never give it up, no, no, no
