

# Tonight

Simply Red

Tonight, I'm gonna love you  
Like I never have loved you before  
Because tonight  
I'm gonna ask you the question  
That keeps this whole world spinning and spinning around

Will you marry me, baby? (I will)  
Cos' I just love you (oh I will)  
Marry me now  
And our dreams will come true

Because tonight  
My heart is spinning and spinning around  
And I'm hoping you baby  
Will give me a word  
Give me a word  
From your sweet loving  
Tonight

I'm driving home to you darling  
Hoping you're already home  
It feels so right  
To ask you the question  
That'll keep this whole world spinning and spinning around

I need to marry you baby (oh I do)  
Cos' I just love you  
Marry me now (I do)  
And my dreams will come true

Because tonight  
My heart is spinning and spinning around  
And I'm hoping you baby  
Will give me a word  
Give me a word  
From your sweet loving  
Tonight  
Tonight
