

# Follow Me Down

Since October

How many times will i fall  
before i finally lose it all  
all i want is everything  
all i need is just you and nothing  
follow me down down  
follow me follow me

Follow me down  
follow me  
follow me down  
follow me down

My struggle is not flesh and blood now  
this pride i loved is staring me down  
constantly it's taking me  
far away from the place that i should be  
follow me down down  
follow me  
follow me

Follow me down  
follow me  
follow me down  
follow me down  
this is all you'll ever know  
follow me  
follow me down

Fall down  
fall down  
fall down  
fall down and you'll see

Fall down  
fall down and you'll see  
who you are as you  
fall down  
fall down and you'll see  
who you are as you  
follow me down

Follow me down  
follow me  
follow me down  
follow me down  
this is all you'll ever know  
follow me  
follow me down  
follow me down  
follow me down
