

Leave My Mark

Since October

I've tried to figure out this mystery
Without the secrets or the key
I ended up on the bottom
Lost enough to know
I don't have the soul

(Someday, someday)
Somehow I will leave my mark
All the lies in me
And all the pain I see
Well have I wasted too much time
Won't throw the dreams away
Baby, come with me
So I will leave my mark
(I will leave my mark)

(Someday, someday)
Somehow I will leave my mark
(Someday, someday)

I know that there's a place I gotta be
I gotta focus and believe
I'm still looking for answers
That I will never find
What's it going to take?

(Someday, someday)
Somehow I will leave

All the lies in me
And all the pain I see
Well have I wasted too much time
Won't throw the dreams away
Baby, come with me
So I will leave my mark
(I will leave my mark)

(Someday, someday)
I will leave my mark
(Someday, someday)

Oh
Pour out your mercy
Lean on me now
Pour out your mercy
Pour out your mercy
Oh
Pour out your mercy
Pour out your mercy
Oh
Pour out your mercy
Pour out your mercy

(Someday, someday)

All the lies in me
And all the pain I see

Well have I wasted too much time
Won't throw the dreams away
Baby, come with me
So I will leave my mark
(I will leave my mark)

(Someday, someday)
I will leave my mark

(Someday, someday)
