

## All That's Left Behind

Sinch

For what it's worth, I never felt that much  
an unresolved waste of time a lesson never learned  
Wanted to forget it, but it's hard when you've been burned,  
a matter of time till your lost insides  
Are reassured to start indulging like there's nothing left behind  
your pretty face and it's all that  
you've got now  
No it wasn't much, it was nothing but it left you wanting more,  
and it's all that you've got now  
Can sometimes get lost in the feelings that don't exist,  
addiction is a cancer and a means to justify  
An empty life of running from the friends you've left behind,  
just a matter of time till your dark insides  
Are reassured to start indulging like there's nothing left to hide  
your pretty face and it's all that  
you've got now  
No it wasn't much it was nothing but it left you wanting more  
and it's all that you've got now  
The mechanics of guilty eyes, being tempted is in our make up,  
when indulgences collide  
Come and sleep with me tonight, when it's all that you've got now,  
but it wasn't much it was nothing  
But it left you wanting more and it's all that you've got now,  
it wasn't much
