Hydroplane

Sinch

It seems like you've always known Exactly what to say And meanwhile I never know what to do With myself when I get this way

So I'm walking on
Take comfort in all the nights we shared
I guess I'm walking on
Cause there's nothing left inside of me that cares

I'm sorry that I can't deny
Feelings that I've put aside
And I've wasted my time for so long
So tell me how could this go up

In flames when I've been waiting The return of blood

It seems like you've always known
Things would turn out this way
Sometimes you never know
What can happen on any given day
It seems like you've always known
Things would turn out this way
