

This overwhelming thought has gotten inflamed and red
Like a festering sore inside my guilt-ridden head
Leave the lights on now and we'll just talk a while
I want to be the only one that can make you smile
I don't know what's going on I can't feel my hands
I don't know what is wrong maybe you'd understand
Well I don't know what's going on I just start to sink
When I overthink
Jealously lashes out and it's so predictable
Sometimes the more you push is the harder I pull
I'm so tired of the lies I'm so sick of sympathy
You can't let it go or maybe it's just me
I don't know what's going on and I don't think I care
I don't know what is wrong maybe you'd understand
Well I don't know what's going on I just start to sink
When I overthink
breathe out of this hole
Oh I've lost control
When I fear is in time
Would you forget the fucking lines?
free
Now that my hand's clean it's really hitting me hard
Smile show me teeth behind that false facade
Can you feel the pain or are you numb again?
Please let me indulge in some of your ignorance
I don't know what's going on I don't think I care
I don't know what is wrong maybe you'd understand
Well I don't know what's going on I just start to sink
When I overthink
breathe out of this hole
Oh I've lost control
When I fear is in time
Would you forget the fucking lines?
