

Pain

Sinch

Lie awake completely satisfied
And let the sweat run through my hair
Well I haven't felt this way in quite sometime
When I look over you're not there

Pain
I won't let you slip away
No
Everybody must begin somewhere

Everyone here knows this is killing me
Man it tears the soul straight from my spine
But in the end I guess the truth is shown
That you won't ever really be mine

Pain
I won't let you slip away
No
Everybody makes mistakes sometimes

Rain on my parade
Rain on my pain
Rain on my parade
Rain on my parade

Sell me the fortune
Tell me it's all mine lost in the commotion distracted we hide
Embellish the moment cut
And bleeding astound me with precision
And kiss me good night

But I lie awake completely satisfied
And let the sweat run through my hair
Well I haven't felt this way in quite some time
When I look over you're not there

Pain
I won't let you slip away
No
Everybody makes mistakes sometimes

Rain on my pain
Rain
Rain on my parade
Pain
Pain
