

Kisses Like Mine

Sinéad O'connor

You never had kisses like mine
So soft you'll find yourself crying
And after you weep
You'll fall asleep
And while my heart's flying
You'll be dreaming that I'm
The keeping kind

See I'm special forces
They call me in after divorces
To lift you up
You thought you weren't much
And I'll mean every word
But be gone with the birds
Baby I just can't be yours

I have a heart that flies away
Betrays me every day
But don't let it stay heavy on your mind
I'm just not the, not the, not the keeping kind

But you never had kisses like mine
So soft you'll find yourself crying
And after you weep
You'll fall asleep
And while my heart's flying
You'll be dreaming that I'm
The keeping kind
Keeping kind, keeping kind, keeping kind

See I'm special forces
They call me in after divorces
To lift you up
You thought you weren't much
And I'll mean every word
But I'm gone with the birds
Baby I just can't be yours
