

Never Get Old

Sinéad O'connor

Young woman with a drink in her hand
she like to listen to rock and roll
she moves with the music
'cuz it never gets old
it's the only thing that never gets old
young man in a quiet place
go a hawk on his arm
loves them birds
never does no harm
it's the only thing that never can do no harm
must be the only thing that never can do no harm
some say that on the avenue
everyone walk by
living life undercover
being alive
being blind
