## **Tears from the Moon**

## Sinéad O'connor

Couldn't sleep so I went out walking Thinking about you and hearing us talking And all the things I should have said Echo now, inside my head

I feel something falling from the sky I'm so sad I made the angels cry

Tears from the moon Fall down like rain I reach for you I reach in vain

Tears from the moon, tears from the moon

It just ain't fair this thing called loving When one step there and the other feels nothing I would have done anything for you I still love you, baby I adore you

All day I keep from falling apart But at night when the sky gets dark

Tears from the moon Fall down like rain I reach for you I reach in vain

Stop, Stop haunting me
It should be easy
As easy as when you stopped wanting me

Tears from the moon Fall down like rain I reach for you I reach in vain

Tears from the moon
Fall down like rain
But tears from the moon
Can't wash away the pain

Tears from the moon, tears from the moon Tears from the moon, tears from the moon
