

Wake Up and Make Love with Me

Sinéad O'connor

I come awake
With the gift for womankind
You're still asleep
But the gift don't seem to mind
Rise on this occasion
Halfway up your back
Sliding down your body
Touching your behind

You look so self-possessed
I won't disturb your rest
It's lovely when you're sleeping
But wide awake is best

Ow, wake up and make love with me
Wake up and make love
Wake up and make love with me
I don't wanna make you
I'll let the fancy take you
And you'll wake up and make love

You come awake
In a horny morning mood
And we'll have a proper wriggle
In the naughty, naked nude
Roll against my body
Get me where you want me
What happens next is private
It's also very rude

I'll go and get the post
And make some tea and toast
You have a nother sleep luv
It's me that needs it most

Ow, wake up and make love with me
Wake up and make love
Wake up and make love with me
I don't wanna make you
I'll let the fancy take you
And your'll wake up and make love

Wake up and make love with me
Wake up and make love
Wake up and make love with me
Wake up and make love
Wake up
Wake up
Wake up
Wake up
