Nowhere for No One

Chaos is my wake up call Another day of suffering Waste time staring at the wall Nowhere to go, no one to see

So many voices are stalking my mind I can't sleep because they're screaming at me I can feel eyes that are staring at me Even though there is nobody here

I'm afraid to go outside I don't want to face reality I'm so paranoid inside It seems like I'll forever be

I'm terrified, dead inside If I'm dreaming, someone wake me They've haunted me secretly, all my life When I'm alone, uncontrolled Madness leads my every movement It's killing me, can't you see? I'm insane

Hate myself my everyday I don't want to live to see the night If my thoughts don't kill me first I'm doing to end it with a knife

So many voices are stalking my mind I can't sleep because they're screaming at me I can feel eyes that are staring at me Even though there is nobody here

I'm terrified, dead inside If I'm dreaming, someone wake me They've haunted me secretly, all my life When I'm alone, uncontrolled Madness leads my every movement It's killing me, can't you see? I'm insane
