

Shadow Island

Sinergy

Drakkar Anni:

We are servants of the night
Stalkers, hunters, miscreants
Creatures of a black domain
Sleepless, sunless revenants

Alan Morton:

I will defy the separation
Of darkness and light, this I swear
Fuse them together, unite them as one
Power is mine!

Aline Cedrac:

Playing with fire, you're end up burning
Consequence for your mistake

Drakkar Anni:

We fear the day for the sun
Await the dusk, sacrifice
We roam the earth, take the flesh
Dwelling among satan's lair

Aline Cedrac:

When darkness falls
They appear to blind eyes
When the shadows wake, silence breaks
We stand helpless

Alan Morton:

Death! I have brought death to light
Hell! Welcome to hell my dear

Aline Cedrac:

Fall! Your fallen fall from grace
Look what you've done

Alan Morton:

Come! Join me in damnation

Aline Cedrac:

No! I will not follow you!

Alan Morton:

Night will overwhelm us

Drakkar Anni:

Alone in the dark!

Drakkar Anni:

We are servants of the night
Stalkers, hunters, miscreants
Creatures of a black domain
Sleepless, sunless revenants

Alan Morton:

I hold the key to all that is evil
Crossing the gates into hell

I'm the creator, I'm the enforcer
You shall obey!

Aline Cedrac:
When darkness falls
They appear to blind eyes
When the shadows wake, silence breaks
We stand helpless
