Wake Up In Hell

[Music: Goss, Laiho, Lillman]  
[Lyrics: Goss]

I can't go on  
each second lasts forever  
I stand motionless in sorrow  
this must be the end  
drown in waters black beneath me  
I see nothing here but failure  
though I still pretend

What am I suppose to do?  
carry on or lose my will?

I've seen what hell is like  
and you have put me here  
this pain inside never ends for me  
I cry myself to sleep  
and when I wake I think  
what am I living for?

[SOLO : Latvala]

Just when things are looking brighter  
I get set back even further  
back and forth, just try again  
shame, the feeling that surrounds me  
when I'm losing all control of  
who I am and what I know  
What am I suppose to do?  
carry on or lose my will?

I've seen what hell is like  
and you hve put me here  
this pain inside never ends for me  
I cry myself to sleep  
and when I wake I think  
what am I living for?

[SOLO : Laiho]

What am I suppose to do?  
carry on or lose my will?

I've seen what hell is like  
and you have put me here  
this pain inside never ends for me  
I cry myself to sleep  
and when I wake I think  
what am I living for?....
