

# Shadows

Sing It Loud

My days are used for nothing  
But tearing myself apart  
Nights I'm spending wasted  
Alone in the dark  
Is this all my pathetic little life  
I hope I won't throw away  
My chance to get it right

I am hiding in the shadows  
You've been standing in the light  
I hope you understand  
I'm scared of who I really am  
I just need you to show me, me

I wish that I was younger  
Honest and more innocent  
Tired of living the normal lie  
Sick of all the emptiness  
I am the ocean tide pulling until I drown  
I'll be counting down until  
I'm six feet underground

I am hiding in the shadows  
You've been standing in the light  
I hope you understand  
I'm scared of who I really am  
I just need you to show me  
Show me, me  
Show me, me  
Show me, me

I am hiding in the shadows  
You've been standing in the light  
I hope you understand  
I'm scared of who I really am  
I just need you to show me

I am hiding in the shadows  
You've been standing in the light  
I hope you understand  
I'm scared of who I really am  
I just need you to show me  
I just need you to show me, me
