

Thunderstorms

Sing It Loud

It's 2 AM
All the memories, will leave my head
The thought of us is drowning me

I close my eyes and shield the pain
Cause missing you won't get me through
An endless day of rainy days

Drip drop..the sound of your rooftop
Bang bang..don't let your heart stop
Tick tock..yeah I'm your alarm clock
Wake up an you will see

Thunderstorms can't keep me without from you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds wont hide
All that I've been fighting for
Our love is like a thunderstorm

The morning calls and ends the night
All the damages are done
Pick up all the pieces left in time
So here we are for better or for worse
Whats left of this town
Will replace the heart

Drip drop..the sound of your rooftop
Bang bang..don't let your heart stop
Tick tock..yeah I'm your alarm clock
Wake up an you will see

Thunderstorms can't keep me without from you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds wont hide
All that I've been fighting for
Our love is like a thunderstorm

Thunderstorms can't keep me without from you
Cause hurricanes and driving rain
Are washing all my fear away
The stormy skies and clouds wont hide
All that I've been fighting for
Our love is like a thunderstorm
