

Afterburner

Sinister

Atrocious crash, altitude of terror
The skies are red, assault on civil liberty
Theft and deceit, weak quest for revenge

Invade and destroy their pride less land
Invaluable words of trust
Written laws of ethnic cleansing

Towards the inwards, invidious and beloved
Irrelevant violence focused on the balance of time

Invade and destroy their pride less land
Invaluable words of trust
Written laws of ethnic cleansing

Kingdom come, or just some lunacy
Monster of urban history
Atheist or a freak of nature
Morals set aside, a living philosophy

Atrocious crash, altitude of terror
The skies are red, assault on civil liberty
Theft and deceit, weak quest for revenge

Afterburner... unrelieved and unbound
Afterburner... uncalled and uncared
Afterburner... unallied and unlike
Afterburner... black mark in history
