

## Moralistic Suffering

Sinister

Restricted manners, blinded by the truth  
Symbol of salvation, the god of emptiness  
Acts of desire, a shallow grave called life  
Rebels of the wicked prepared to face the lie

Moralistic suffering  
Moralistic afflicted by the sins of war

Moralistic suffering, i am the written pain  
Moralistic suffering, despise thy soul

Future wars, collected by the past  
A frenzied rape and cold blooded murder  
Substance of terror, killed by acceptation  
Rebels of the wicked prepared to face the lie

Moralistic suffering, i search the wings of death  
Moralistic suffering, i am the risen pain

Prepare to face and lie

Restricted manners, blinded by the truth
