

# The Post-Apocalyptic Servant

Sinister

The mayhem of this time  
brought by the servant  
Bringer of new eras  
The servant of the death

Obtained destiny  
Obscurity of the cross  
New birth of mankind,  
in a time of desolation

A mutant race formed  
by post-apocalyptic soldiers  
Powered by the wicked,  
the hooligans of the godless

Extinction by cannibalism  
by eating inbreeding meat  
Implanted slave-brains  
with no conscious awareness

The post-apocalyptic servant  
and his army of leeches  
This means the end of mankind  
and the beginning of a time to die

"The post-apocalyptic servant  
Leader of the death  
Mutant life forms created  
Forlorn race will come instead"
