

## 10 2 Death

Sinner

Move too fast  
Think too slow  
Talk too easy  
Told you so  
Here I am  
Behind the bars  
Ain't too pretty  
Collecting scars  
Why me?  
Can't see  
They wronged the rights out for me  
No fight goodnight  
10 to death and I'm ready to die  
10 to death and I'm ready to die  
All it took was just one little look  
Took the wrong road  
To the corner where she stood  
Got my jackknife no time to mess around  
Don't take no fortune teller  
To predict I'm going down  
Predict I'm going down  
10 to death and I'm ready to die  
10 to death and I'm ready to die  
I feel it creepin in my veins  
When I stop movin my heart will do the same  
Ain't been to heaven, that's as sure as hell  
What a way to go, nobody else can tell  
Nobody else can tell  
10 to death and I'm ready to die  
10 to death and I'm ready to die
