Sinner

Who's that girl running down the street She's wild, wild, wild Who's that girl can she rescue me and rock me I set my sights on her Another sleepless night [Chorus:] Bad, bad, bad girl I'll bet you get a broken heart A bad, bad, bad girl That lady makes you scream Bad, bad, bad girl I'll bet you get a broken heart A bad, bad, bad girl She's the beggar of the night She's wild, wild, wild Dressed in leather, dressed in black Rock me I set my sights on her Another sleepless night [Chorus] Ow! She takes it to the maximum She's wild, wild, wild When she makes the scene the lightnight strikes Rock me I set the sights on her Another sleepless night
