

## Crazy

Sinner

They won't let me go  
Oh I'm doing things my way  
I will every time hope  
I have no things to say  
That was doing right  
They shouted where to move  
I looked through the watching mirrors  
And I saw you  
They went to see the look in your eyes  
That leaving beauty and I wonder it guys  
It's crazy, turning me to madness  
Madness, making me crazy  
In the dark of the night  
I give out to the endless reasons  
I'm not so mad fool to stay  
And not so strong to go  
I dropped mirrors from the bar  
We're not watching another day  
It's crazy, turning me to madness  
And it's madness, making me crazy

Talking and laughing in all the means  
I break in the chase from the eyes  
You hardly ever see  
I may be running or die so far  
I'm real scared, I'm struck, my mind blows  
It's crazy, turning me to madness  
Madness, making me crazy
