

Fast, Hard & Loud

Sinner

Sinner

I'm on the hunt in an ol' speak easy

Dust and smoke ... are hiding my face

I'm gonna break her heart again

She can't keep me inside of a cage

I'm sending out an S. O. S.

And her body was all in a rage

Ooh, she's an angel of pain

Ooh, she made music in my brain

Fast, hard, loud [2]

Fast, hard, obscene

I'm a victim of temptation

I can't deny when I look into her eyes

I ate her apple, gave her my snake

Smelled her sweet perfume

The fall of Eden

Ooh, she's an angel of pain

Ooh, she made music in my brain

Fast, hard, loud [2]

Fast, hard, I'm stratin' to shake

Fast, hard, loud [4]
