Watch me go Under fire Got no break There's just so much that I can take Hands in pocket Clench my fist Just one hit I never missed To cure my desire And heal my disgrace Put fuel in the fire Fist to face - fist to face Out all night I'm on a roll Loaded and ready to explode Won't stop running Can't cool down You know came to track you down To cure my desire And heal my disgrace Put fuel in the fire Fist to face - fist to face Fist to face - fist to face Look out I gave it all Just for the take Got no more promises left to break Souls for sale Money to burn I wonder if I'll ever learn To cure my desire And heal my disgrace Put fuel in the fire Fist to face - fist to face Fist to face Fist to face Fist to face
