

## Haunted

Sinner

You're not alone - So don't be afraid  
Spend all my time thinking of you  
Just the ghost of you  
Walking through my mind  
Just sitting here in my empty room  
When it was me and you  
Reminded again and again  
That I don't want to lose  
As I walk alone here  
In the shadows - I'm haunted  
As I walk alone here  
This lonely road - I'm haunted  
As I walk alone here  
In the shadows - I'm haunted  
As I walked here  
I'm haunted  
With the sound of the closing door  
I knew you were gone  
But can't you understand  
I can't face this world alone  
As I walk alone here  
In the shadows - I'm haunted  
As I walk alone here  
This lonely road - I'm haunted  
As I walk alone here  
In the shadows - I'm haunted  
As I walked here  
I'm haunted  
I'm all alone here  
I feel so afraid
