

## Mind Over Matter

Sinner

Let us go to a place  
Where we belong to  
Our destiny is here  
I will change your mind  
And you will notice  
Taking all your pain away  
It burns like fire and water  
Down deeper and down  
It burns like fire and water  
I won't let you down  
Mind over matter  
Find your destiny  
Mind over matter  
The truth will set you free  
People talking about their lies  
They'll never understanding why  
Sometimes it's hard to break the rules  
You sick and tired you won't get fooled  
It burns like fire and water  
Down deeper and down  
It burns like fire and water  
I won't let you down  
Mind over matter  
Find your destiny  
Mind over matter  
The truth will set you free
