As You Like It

Siobhán Donaghy

Since I've been dealing with you
My prince suppose has taken a move
And I, I'm feeling misunderstood
Do you think our heart is made of wood

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you won't
Be staying while around me

Dreams filled with pictures of you Extremes, the things that you make me do And I'm getting carried away Want you in my picture today

Even when you say you don't
To prove a point
Even when you play it as you like it
Even though you say you wont
Be staying while around me
Even when I say you don't
I know you won't
Believe a single word I'm saying
Baby won't you stay awhile
As you like it round me

Please don't go and leave me here alone To entertain myself Here's my fear, I'll make it clear for you I can't contain myself
