

# Reign

Sioen

i met you in  
the morning  
i met you in  
the evening  
is this the  
reason why  
you say you  
want to do  
it again

but you just  
need to go out  
get into the  
sunshine  
give meaning  
to your being  
just say you  
want to do  
it again

come on up  
and open  
your eyes  
sit in silence,  
fantasize  
everyone  
has got to  
break free  
put it all aside  
and now reign

come on up  
don't close  
your mouth  
before you've  
lived  
you shout  
before you live  
be proud  
before you live  
you say  
you always get  
what you want  
and now believe  
that's it's true  
dance!

i met you in  
the morning  
i met you in  
the evening  
you're stuck  
down in  
your cellar  
and say you  
want to  
do it again

but you just  
need to go out  
get yourself

together before  
you pass out  
give meaning  
to your being  
just say you  
want to do  
it again

open your eyes  
fantasize  
got to break free  
i want to  
do you baby
