

But Not Them

Siouxsie and the Banshees

She hates the man and he hates the man
Because something strong inside
Has been denied them
But not him, oh not him

He hates the girl and she hates the girl because something weak
implied
They fought to push aside them
But not her - oh not her

The girl isn't alive - but the man is dead because it's all been
said before
The girl isn't alive - but the man is dead because you only have
your mentor
To draw - you whore

Dead lumps of meat melt in this heat
Dead lumps of meat melt in this heat

She hates the man and he hates the man
Because something strong inside
Has been denied them
But not him - oh not him

He hates the girl and she hates the girl because something weak
implied
They fought to push inside them
But not her - oh not her

This girl isn't alive - but the man is dead because it's all been
said before
The girl isn't alive - but the man is dead because you only have
your mentor
To draw from

Dead lumps of meat melt in this heat
Dead lumps of meat melt in this heat

But not them
