

## Night Shift

Siouxsie and the Banshees

Only at night time I see you  
In darkness I feel you  
A bride by my side -- I'm inside many brides  
Sometimes I wonder...  
What goes on in your mind, always silent and kind  
Unlike the others...  
Fuck the mothers kill the others  
Fuck the others kill the mothers  
I'll put it out of my mind because...  
I'm out of my mind with you  
In heaven and hell with you...

My Night Shift sisters  
Await your nightly visitor  
They don't bother me  
No they don't bother me

The cold marble slab submits at my feet  
With a neat dissection...  
Looking so sweet to me -- please come to me  
With your cold flesh -- my cold love  
Hissing -- not kissing  
A happy go lucky chap -- always dressed in black  
He'll come to you, he'll come to you

My Night Shift sisters  
With your nightly visitor  
A new vocation in life  
My love with a knife

Fuck the mothers kill the others  
Fuck the others kill the mothers  
I'll put it out of my mind because...  
I'm out of my mind with you  
In heaven and hell with you...
