

Red Light

Siouxsie and the Banshees

She falls into frame
With a professional pout
But the Polaroid's ignite
Upon seeing their subject
And the aperture shuts
Too much exposure

Voyeur sucks into focus
Floodlit the glossy kiss-pit
But as emulsion drips down - down
The aperture shuts
Too much exposure

Come into this room
Come into this gloom
See the red light rinsing
Another shutterslut wincing

The sagging half wit sister
Pretty, pretty picture
Of an ancient nipple shrinking
That kodak whore winking
'Til the aperture shuts

Too much exposure
