

# If It Doesn't Kill You

Siouxsie

Don't cry  
Don't fear  
A healing voice  
Kissed your ear

In your dreams  
In your vision  
A gentle voice  
Speaking wisdom

If it doesn't kill you  
It will shape you  
If it doesn't break you  
It will make you

Dry your eyes  
Shed no tears  
A healing voice  
Caressed your ear

Dream of flight  
In rocket ship  
Piercing through  
Lunar eclipse

Don't be bitter  
Don't be gloomy  
All your torment  
Flowers blooming

If it doesn't kill you  
It will shape you  
If it doesn't break you  
It will make you

Don't be afraid  
Don't shed a tear  
I'm here

If it doesn't kill you  
It will shape you  
If it doesn't break you  
It will make you.
