

Sea Of Tranquility

Siouxsie

Cool water washing over land
Wash away, wash away
Clues of fingerprints, forensic traces
Footsteps on the ocean bed, walk away

Walk away, walk away
Sky scraping on backs of manta ray

There are more stars in the sky
Than granules of sand
There are more stars in the sky
Than granules of sand

Oh, cool water washing over me
Wash away, wash away
Clues of finger prints, forensic traces
Footsteps on an ocean bed, walk away

There are more stars in the sky
Than granules of sand
There are more stars in the sky
Than granules of sand

Oh, there are more stars in the sky
Than granules of sand
There are more stars in the sky

Oh, a ghost of a roar from a dry floor
A ghost of a roar from the sea shore
From the sea, the sea of tranquility

From the sea, from the sea
Walk away, walk away

From the sea
(Walk away)
From the sea
(Walk away)

From the sea
(Walk away)
From the sea
