

They Follow You

Siouxsie

Wounds heal in time
Scars leave their signs
Sewn up inside
Sewn up in mind
They follow you - Follow you

Swallowing pills
Intoning spells
All potions spill
Down the wishing well
They follow you - To sorrow you

It doesn't work anymore
They follow you - To sorrow you

Sew up those eyes
Stitch up this smile
Embroided tears
Drown the wishing well
They follow you - To sorrow you

It doesn't work anymore
They follow you - To sorrow you

Mix me a brew - An elixir to soothe
Mix me a brew - An elixir to soothe
A cure!

Wounds heal in time
Scars leave their signs
Sewn up inside
Sewn up in mind
They follow you - To sorrow you.
