Sir Michael Rocks

(Hook x2)

Cuz I just wanna slip slide  
Smush, squish, maybe drip drop  
Cuz I just wanna slip slide  
Smush, squish, maybe drip drop

Tryna see how many drugs I could take  
Aye don't trip  
You know if big cuz in the place  
Then the trap slappin like the sub and the bass  
Aye I'm cutting my trips and I'm grippin the tech  
I'm pushin and pullin and grabbing her neck  
I'm killin the kitty and stroke at the differ  
I beat to the pussy, I pay my respects  
And I only love her when she nasty  
I'm runnin through the money like a trackme  
I'm talkin to these bitches hellas raspy  
Some ratchet ass niggas but we classy  
She say she with the shit, the mobbing  
The kush, the criss, get it wet girl

Cuz I just wanna slip slide  
Smush, squish, maybe drip drop  
Cuz I just wanna slip slide  
Smush, squish, maybe drip drop

So give me love, give me drugs  
Give me brain, give me pain  
Give me sex  
Give me love, give me drugs  
Give me pain, give me brain

(Verse)

And now I'm back on the scene, I'm back on the set  
They wish I was gone, they hope I forget  
But I ain't forgot, they want me to flop  
They want me to fail but I do what I do oh so well  
Tell a bitch get goin, get goin  
Like what the f\*\*k you been doin  
All the swisha been blowin  
And you ain't major no more  
And then we lean whenever we want  
10 pints of 22 hundred  
And Salvatore Feragama  
Come from getting them commas  
We get this shit and we lit this shit  
And got rich my niggas, we get that  
Got a bad ass little milk mama  
Like where the f\*\*k is yo kids at  
And where the hell did the time go?  
Do it for them bi leaners

All that I got time for  
That's my favorite rumble

(Hook x2)

Cuz I just wanna slip slide  
Smush, squish, maybe drip drop  
Cuz I just wanna slip slide  
Smush, squish, maybe drip drop

(Bridge)

So give me love, give me drugs  
Give me brain, give me pain  
Give me sex  
Give me love, give me drugs  
Give me pain, give me brain
