Crushin, killin, never beat stealin
But I'm hell when it comes to rhyme dealin
Death to competitors, long live Mix-A-Lot
You understand motherfucker I'ma hard rock
Beat 'em up and pick 'em up and make 'em miss the stick up
But my gat close range, take his wallet, kick him in his cup
Drop the games, cause they really ain't necessary
You can be a water rated, boy you ain't legendary
Sue it far in the Caddy, I'ma chillin
To your girlies I'ma hero, to you suckers I'ma villian
I've done, get me mad I might try
Can't find a better rhyme, if you do you better buy it
Serious and callous could be deadly to competitors
What am I sayin? (your gonna get yours)

Neck snap, head crack, put you on a meat rack

Physical rhymes all meant to intimidate
All niggaz take note, don't imitate
Rippin is the cut, freaks scurry for my T-I-P
Tryna get an autograph from M-I-X-A-L-O-T

Muscle bound, full of things, knock a sucker's lights out
Bring it to my level, boy you better start climbin

When you make it to the top, I put these boots on your knuckles
Walk into the party like a mob, wearin jet black
"Swass" skin in effect, sportin coon hat
Walk by sucker punk, look like eat crackers
He mumbled somethin, so my posse walked backwards
Catch 'em on the corner stone and hit 'em with the gat chrome

Slow mo, pants low, jeans layin off my hip
Big shoes, laces loose, a rap warrior
Real beat boy, leavin crowds in euphoria
Transform, super fast, nice slice, what a blast
Movin like the speed of light, so quick I shatter plexiglass
Here's the beat and c'mon girlies get with it
You like my tuning capabilities, admit it
It's the man with the westbound attitude
Big gold rope, rusty knuckles, ain't afraid of you
Raise an eyebrow, try to figure out how
Mix-A-Lot made the drums go (POW POW)
Understand it's the undercover game plan
