## **The Other Side**

Sail away my little sister Sail away to the other side

There's a light and a darkened road There's a night and a fading hope There was a dream that once was mine But now it seems it has passed with time

Sail away my little sister Sail away to the other side Sail away my little sister Sail away far into the night

Where times seems much better Than this void called life

There's a voice inside my head There was a hope, now now long since dead It's all a wonder, will I abide I hear you calling from the other side I hear you calling from the other side

Sail away my little sister Sail away to the other side Sail away my little sister Sail away far into the night

Where times seems much better Than this void called life

I hear you calling from the other side

Sail away my little sister Sail away to the other side Sail away my little sister Sail away far into the night

Where times seems much better Than this void called life
