

Can I Live

SisQó

Drop that
you know I was your favorite from the jump
so dont front
like I was
was actin up, buggin
since when
we been messin, flexin
love has been good, no doubt
but now tryna keep me on lock down
tryna figure out what Im all about
if Im goin out
who Im chillin wit, what im dealin wit
just cant..just cant handle it
youre not my girl and Im not your man
Im a tell you again so you understand
Im not tryin to be caught in
and not movin not budgin
not tryin to get stuck in somethin
I can't get out of
if ya thought twice shorty then i doubt cha
need to get offa my back
youre lying to tight needa cut me some slack

so let go

[Chorus]
can i live?
can i breath?
inhale exhale
get offa me
what i do
where i be
who i see
ya follow me
what is this?
can I live?
can I breath?
inhale exhale
get offa me

give me privacy

met you in the club
you was bumpin
drunk as fuck
had ta (?) wit the thugin
smokin somethin
I saw you wit your girlfriend
actin like your cousins
but cha really wasnt
plus i caught you wit the nigga
they (?)
and i loved it
so i took you to the crib for some fuckin'
touchin huggin lotta rubbin
knew i was late and not bussin
i hollered at you cuz your body was right

and i stayed smashin it cuz your pussy was tight
what was your plot comin here tonight
if ya thought it was sweet it aint not tonight
i wont go that route if it not my life
Im a balla you a chicken you can get it right
stuck in my wings and why you testin me
needa stop stressin me
if ya cant handle it she isnt a memory

[Chorus]

[Bridge:]

leave em love em bus em even
that is just the way i treat em
I dont know your type of reason
not my girl so im not cheatin
never ever ever really had a girl not have ta feel me
nothin's changed from the beginnin'

this is the end, so begin
yeahh oh yeahh
tell me baby
tell meee baby
can i live yeah?
can i? can I? let meeee

[Chorus: x3]
