## Dream

I've told myself Time and time again That I'm not in love with you And then, it came to me One night in a dream You've been more to me Than I wanted to see There is nothing I could do to stop it Even though you're With somebody else

If I didn't really care Why were you there? The color of your eyes The scent of your hair Now I know dreams aren't reality But you're so real So real to me

It took a dream to tell you That I love you lady I couldn't see that you were Always there for me Remembering the time We shared together

Came clear to me One night, I am in love Oh, I've tossed and turned And broke a sweat Covered with tears My pillow's wet I'm drowning yeah, in A river of my hopelessness And only you can save me now I've got to find Someway, somehow To let you know How I feel inside 'Cause it's so obvious And hard to hide

If I didn't really care Why were you there? The color of your eyes The scent of your hair Now I know dreams aren't reality But you're so real So real to me

It took a dream to tell you That I love you lady I couldn't see that you were Always there for me Remembering the time We shared together SisQó

And it came clear To me one night I am in love And what can I do And what can I say To let you know that I feel the same Please don't walk away 'Cause I know I can't be wrong (And my dreams they Can't be wrong, wrong) If I didn't really care Why were you there? The color of your eyes The scent of your hair Now I know dreams aren't reality But you're so real So real to me Came clear To me one night (It came clear To me one night) If I didn't really care Why were you there? The color of your eyes The scent of your hair Now I know dreams aren't reality But you're so real So real to me It came clear to me

One night, yeah I fell in love Oh, ooh, oh
