Tell you already, (already) then I think that you should  
Let me, tell you how that body feels

Oooh shaped like a grown ass woman  
(grown ass woman) such a grown ass attitude  
I'll let you keep them grown ass heels on  
Come on I'll show you what a grown man do

Baby today, I want to go  
All around the room with you, turn off the  
Lights, I'll promise you  
Show you what a grown man do oooh

Oh baby now let's get down tonight (4x)

You know I hop up out of bed, put my swag on  
Thinkin' 'bout you shawty, no thong on, I just  
Wanna mess around, have a little fun  
Shawty got that down to the [?]

Baby you ain't gotta fight it, you can pick up a number and dia  
l it  
I know you fly I want to pilot, girl you are a  
Troop, science and I want to study you  
Trying to make some chemistry, mix it up with you and me

Girl, is it yes or is it no  
Cause i don't wanna waste no time though  
I'm just trying to help you find your  
Clothes and baby

You know I hop up out of bed, put my swag on  
Thinkin' 'bout you shawty, no thong on, I just  
Want to mess around, have a little fun  
Shawty got that down to the
