

Come Around

Sister Hazel

Sky fell down and pulled us in
Stole away my oxygen
And left me standin' breathless there with you
The ocean wrapped around the sun
The smell of June - the taste of your tongue
Was all I'd ever need

I - well I wanna be clear
Well I needed you here
And I'm waiting you out
But you - you don't have a clue
And I'd drive right through
To find you anywhere

Sky fell down and pulled us in
Stole away my oxygen
And left me standin' breathless there with you
The ocean wrapped around the sun
The smell of June - the taste of your tongue
Was all I'd ever need

But you - you keep on waiting
For the sun to come around
And you - you keep on waiting
For something better - better off to come around

You - well you wanted more time
So I gave you more time
Oh but I am the sun that waits to come around

Oh but you were a restless soul
Where's the next best thing
While I waited for you
All my life waited for you to come around
Come around

Come around - come around
You're better off to come around
Come around - come around
