Everybody

Sister Hazel

You are so sexy my love You got me trippin' over my tongue And I can't say what I mean but I mean it when I say That I fell so hard for you that it broke my heart in two Now I'm wrapped in black and blue You know I'm crazy 'bout you

Should I take a chance Or should I sit and wonder you

I wanna tell everybody - everybody That you're so much more Than they've ever seen before I wanna tell everybody - everybody If they touched your hand Then they'd never wanna let you go

Like a junkie to a rush I'd trade my momma for your touch Oh wait that might just be too much Well I'd do anything but that You are so tempting my dear You strip away my useless fears No you don't care that I'm weird And that's amazing

As you walk on by Oh I - I sit and wonder you

Spinning around like nobody's watching Nobody else but me So far beyond my imagination If they could only see

You are so sexy my love You got me trippin' over my tongue And I can't say what I mean but I mean it when I say -

[Chorus]
