

# Ghost in the Crowd

Sister Hazel

Well, here comes the daylight  
Here comes the dirty sun  
Another sleepless night  
Just to find my way home  
You left me for dazed  
I'm amazed that I'm still breathing  
Unstuck in time, it's so sublime  
Just being here

Are you looking for a ghost in the crowd?  
I'm drifting along between the day and the night  
Shot down, right before my prime  
But I'm trying to see the light  
Yeah, I'm trying to see the light

There goes serenity  
There goes my gravity  
When you lose your heart  
You don't ever have to bleed  
Too many spirits here  
Drifting around and around, yeah  
Speaking in silence  
Am I lost or am I found? Yeah

Am I looking for the ghost in the crowd?  
Walking the line between the day and the night  
Shot down, right before my prime  
But I'm trying to see the light  
Yeah, I'm trying to see the light  
Well, I'm dying to see the light  
Get it right

Well, here comes the daylight  
Here comes the dirty sun again  
Another sleepless night  
Just to find my way home  
Take the bottle away  
Before I have too much to think  
Another morning comes  
And I'm gone in the blink of an eye

I am a ghost in the crowd, yeah yeah  
Drifting along between the day and the night  
Cause I'm shot down right between my pride  
And I'm trying to get it right  
Now, I'm trying to get it right  
And I'm trying to get it right  
Trying to get it right
